## The Best is Still To Come

Toes in the sand; Mind engaged

### Coaches Corner

Robert and I would like to take this opportunity to wish you and yours a very Happy and prosperous New Year!

We want to see you be very successful with your freelancing career in 2023.

We invite you to our year-long challenge this year. Please see the

## Welcome!!

**Welcome to our New Year's Eve newsletter!**

**The New Year is a time for reflection.**

**It should be about something other than making resolutions that we keep for the first week or two and then revert to our old ways.**

**As I said in our December newsletter, let 2023 be a time for change and to set attainable goals for ourselves and achieve all or at least most of those goals by the end of the year.**

**Let's embrace our reflection on 2022 at the year's end and look forward to setting new goals and working towards achieving them.**

**This new year we want to try something different. We encourage you to join our 2023 Challenge to advance your freelance career. New heights for YOU!**

**Each person that joins our challenge will set 12 goals to attain - one for each month of the new year. Everyone entering the challenge will meet with Robert and me to track our progress.**

**The cost to participate in this challenge is \$25 for the year, and we will meet one day at the end of the month. We will rotate the days and times to accommodate as many time zones as we can. In the next couple of days, we will send out another email explaining the terms of the challenge and a method for payment.**

**We hope to see you in this challenge!**

---

## Why you shouldn't set new year's resolutions

I found a great post on why you shouldn't make new year's resolutions that you should check out:

## I Welcome the New Year with Joy

by: Patty Thompson

The New Year is a magical time. It is a time for reflection and rebirth. ***A new year is a cause for much joy and celebration!***

The fresh start of a new year is an exciting opportunity to improve and become more than I am. It is a chance for reinvention and abundant happiness.

To have great joy, I open my mind and my heart to what the New Year will bring. I avoid fearing the change that the ending of one year offers. I welcome change because it allows for growth. Change keeps things interesting and eventful. Change is good! Never fear change and the opportunity to grow. ***I find excitement and joy in every new experience.***

The New Year provides me with an opportunity for reflection and growth. Each day provides that, but the changing of a year is more significant. ***As I reflect on the New Year, I realize all of the joy the past year brought to me.*** I reflect on the past year's challenges, as well as its moments of great peace and happiness.

It is these moments that I seek to experience again. ***The coming of a new year provides me with more chances for these peaceful, joyous moments.***

Today, I embrace and welcome the joy the New Year will surely bring to me.

### Self-Reflection Questions:

1. How can I make this New Year more joyous than the last one?
2. What can I do to bring more joy to others in the coming year?
3. How can I embrace the changes and challenges of the New Year?

Introducing

## Patty and Robert's Wheel of Freelancing 2023 Challenge

Welcome to Patty and Robert's Wheel of Freelancing Goals Challenge.

Instead of making New Year's Resolutions, we invite you to participate in our Wheel of Freelancing Goals Challenge for 2023. Read further to find out just what is our 2023 Wheel of Freelancing Goals Challenge (WOFGC for short)

We will meet one day during the last week of every month to hold you accountable for your 2023 Wheel of Freelancing Goals.

Start by picking 12 areas for the 2023 WOFGC. Goal 1 is what we all will tackle in January, goal 2 in February, and so on. The whole idea is to keep moving forward with goal 1 in February while you are working on goal 2 and so on. You can start this challenge in January no matter where you are in your freelancing career – whether you are just thinking about starting, are a newbie on a platform, or have some badges and striving to earn more with what you are already doing. This is for *everyone*.

The cost to participate in the challenge is \$25 for the year! Why are we charging a fee? Sadly, we have found that if something is "free," people do not take it seriously and blow it off. So, we are testing this challenge this year, and if it is received well and people are encouraged and flourishing by the end of the year, we will consider making this a yearly event. Because without sounding like a broken record, we are successful when you are successful. And we want to see ALL our clients successful, not just a handful. If one can be, all can be!

So, let's get this underway and make 2023 the start of our best **years** in freelancing. There is strength in numbers, and we can all support each other.

Below are some ideas for January's goal. Pick one, and then the last week of each month, pick the upcoming goal for the next month. Please have your next month's goal ready before our call.

### January's Area

Pick one:

Get onto a freelancing platform

Get the Rising Talent Badge

Get a Job Success Score

Review/Refresh my General Profile Overview

Add or Refresh my Specialized profile

Submit ten good proposals and win at least two jobs

If you are interested in participating in this challenge, let us know ASAP, and we will email you an invoice to pay the fee to participate. Once the fee is paid, you will receive the "wheel" to start completing, and we will set up a date for the meeting the last week in January,

Contact us at [rptvirtualseervices.com](http://rptvirtualseervices.com) to get set up to participate. We will send you all the information and the wheel, and a link to pay.

We hope this will help you meet all your freelancing goals in 2023!!
