The Best is Still To Come

Toes in the sand; Mind engaged

Coaches Corner

"Whether you think you can or think you can't, you're right."

How profound was Henry Ford way before positive thinking was even a *thing*?

He is right, you know. If you think you can - you will. And if you think you

“
**WHETHER YOU
THINK YOU
CAN OR
THINK YOU
CAN'T,
YOU'RE
RIGHT.**

HENRY FORD
”

WWW.HUNTLANCER.COM

can't, you won't.

We all need to be reminded of this, even we coaches. As I said in the February newsletter, Robert and I participated with Barefoot Consultants in the Panama International Living Event, and we had so much fun! It just gave us a jolt to keep wanting to be the best coaches we can be, so we are better able to guide you with your freelancing career.

It was great meeting new people interested in wanting to retire but not give up working on their terms. And that is where freelancing comes in, and as coaches, we can help you do that.

I want to alter Henry Ford's quote a bit and make this YOUR mantra for 2023: When you think you can - YOU WILL!!

Welcome!!

Welcome to our March Newsletter!

March is a time of new beginnings! Spring is around the corner. March through May is the time to hunker down and take charge of your freelancing career. Make that money now in the next couple of months and then you can take some time off and enjoy the summer.

Remember, if you think you can, you will!!

Manifestation – Just What is Manifestation?

Well, first off, it is not just believing something will happen and then “poof,” it automatically happens, like a genie granting our wish.

Yes, manifestation is believing something positive will happen. But the is takes *work* to make it happen.

First, you need to **believe** you can do it. And you have to believe sincerely that you will be successful.

But then next, you need to be persistent in your actions and engage in activities that will bring about your desired outcome.

So, let's use freelancing as an example.

Step 1 is to believe YOU will become a successful freelancer.

Step 2 is to understand that this will require WORK on your part – it is not magic or woofoo that will make it happen overnight.

Step 3 is to seek ways to help you achieve your goal of becoming a successful freelancer.

- Join Barefoot Consultants free Facebook group
- Purchase one of their courses
- Attend Winton's live Tuesday night calls for members that have purchased a course.
- Contact support to have a coach review your profile overview to see if it is the best that it can be
- Join the private BC Facebook group
- Seek out a coach to guide you along the way to winning your first couple of jobs

You started off believing in yourself. Then you took the necessary steps to achieve your success.

It doesn't happen overnight – but it does happen!

What are you waiting for? If you are not achieving the kind of success you thought you would with freelancing – DO NOT GIVE UP!! Yes, YOU can and will be successful. Let us help you. But you have to really want to be successful. Saying it and wanting it are two completely different things.

We are here to help when you are ready!
